DANSER GROUP

Requirements electronic documents inland barging

CESNI workshop 08-09-2022

www.dansergroup.com

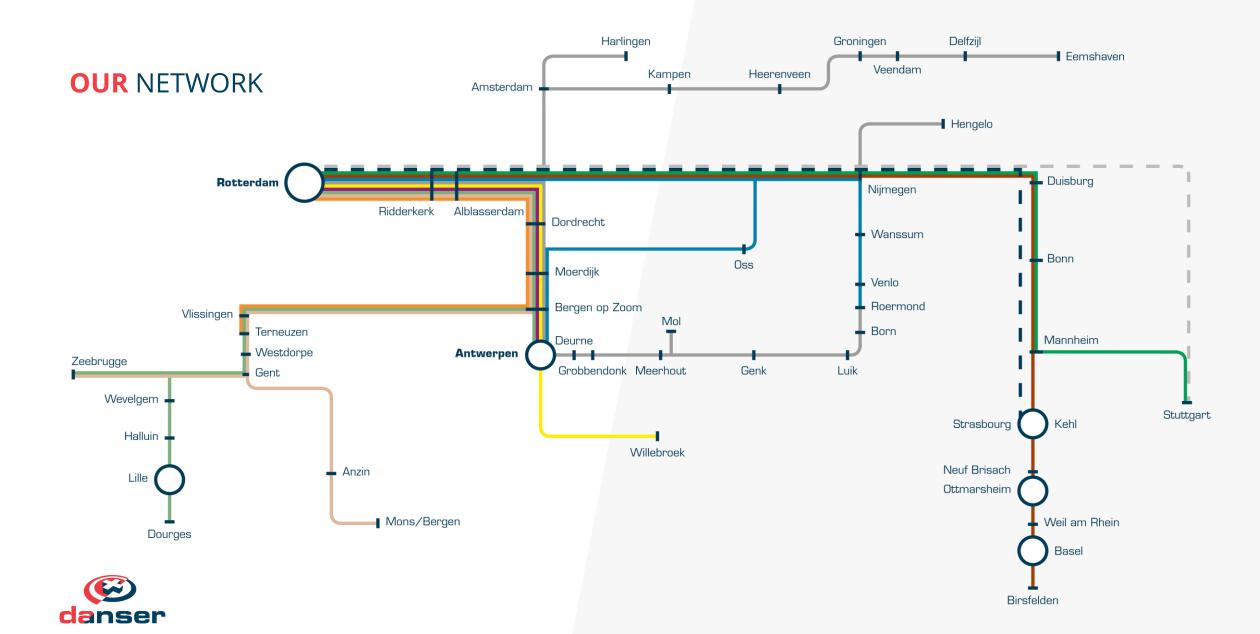

ABOUT INLAND BARGING & DOCUMENTS

Changes over the last years

- Used to have "paper documents" on board
- Since 2017 situation on terminals changed
- Differences terminals and ports
- Differences import and export
- Development port community systems
- Next sheets focus on Rhine services

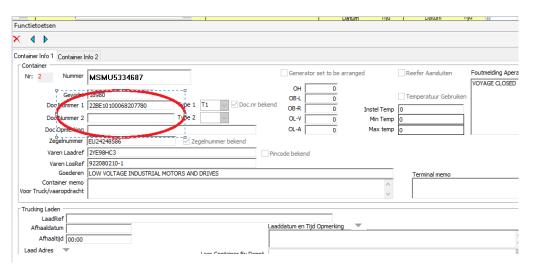

TERMINALS INLAND

- Example exportdocuments on board
- No possibility for acceptance
- Changed to digital registration

(port community systems)

We registrate all documents in our IT systems:

TERMINALS PORT

- Example importdocuments on board
- Several procedures at different terminals
- Changed to digital registration (pcs)

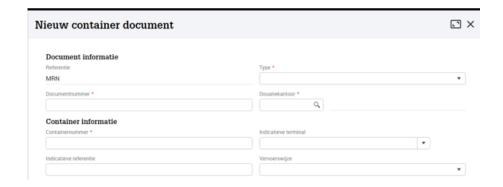

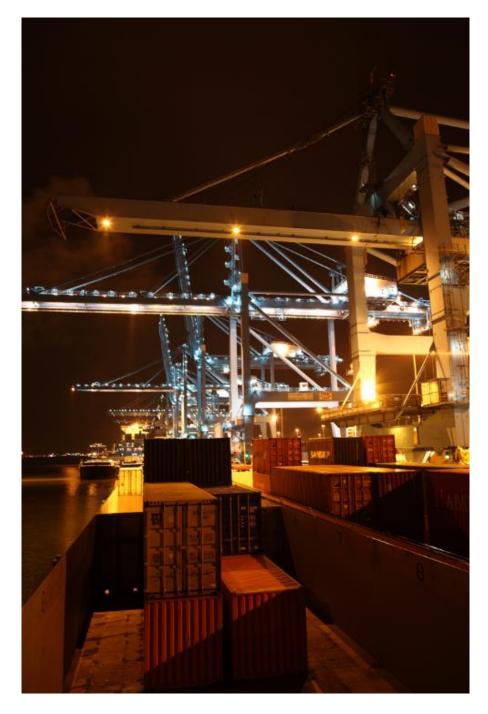

All documents are registrated in IT systems: (APCS/C-POINT ANTWERPEN – PORTBASE ROTTERDAM

Documents / Cloud

danser

Easy acces

• Links with other systems

(connectivity)

- Available 24/7
- Identical and uniform
- Workshops

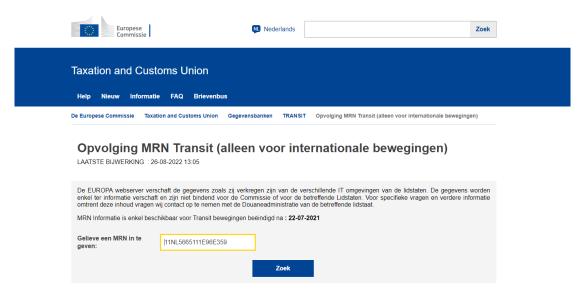

TRANSPORTDOCUMENTS

(available checks)

- There are all kinds of documents like MRN,
 e.g. so called MRN International Transit docs.
 (movement reference number)
- IM-A (customs clearance) as example EU check possibilities in a ECS system.

Opvolging MRN Transit (alleen voor internationale bewegingen)

LAATSTE BIJWERKING : 26-08-2022 13:05

Nederland		19/08/2022 - 10:06	Vrijgegeven bij Kantoor van Vertrek				
	LAND	DATUM (UTC)	STATUS				
	1 Resultaten die aan de tekst beantvoorden						
	Zoek						
	Gelieve een MRN in te geven:	22NL000510180F7B28					
	MRN Informatie is enkel bes	chikbaar voor Transit bewegingen beëin	digd na : 22-07-2021				
	enkel ter informatie verschaf	ft en zijn niet bindend voor de Commis	n zijn van de verschillende IT omgevingen van de lidstaten. De gegevens worden sie of voor de betreffende Lidstaten. Voor specifieke vragen en verdere informatie eadministratie van de betreffende lidstaat.				

PORTAL DANSER BARGES (CHECK)

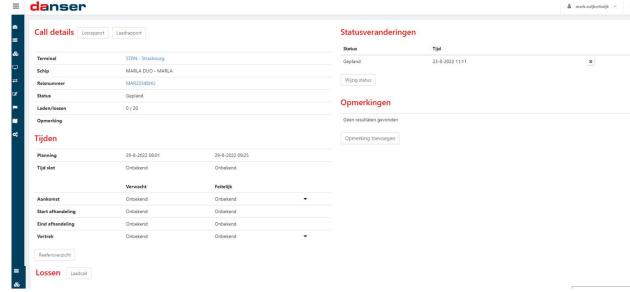

danser

- Danser Barges have acces to a Portal
- All these MRN numbers are shown

Contact : Robert Hansum

 Future systems should be uniform and connected to existing platform like PCS (port community systems) or others.

We recommend investigations to share knowledge with all stakeholders to create support for future alterations.
